

摩托车发动机控制模块 Motorcycle Engine Control Unit

产品优势 Product Advantages:

- ◆ 模块化开发确保交付品质与速度
Modular development ensures good quality and fast delivery
- ◆ 强大的工程服务与开发能力
Strong engineering service and development capability
- ◆ 提供系统级解决方案
Provide system solutions
- ◆ 多样的安装方案
Multiple installation ways
- ◆ 较高的产品性价比
High performance and low cost

34 pin ECU

产品特性 Product Features:

- ◆ 采用32位高性能微处理器
32bits High performance microprocessor
- ◆ 基于扭矩的系统控制
Electronic control strategy basing on torque
- ◆ 支持防盗功能
Immobilizer Available
- ◆ 汽车级产品设计，防护等级为IP67
IP67 protection level, designing up to automotive quality level
- ◆ 更好的安全保护控制
Excellent safety control strategy
- ◆ 最多支持双缸（水冷或风冷均可）发动机
Single or twin cylinder, air or water cooling engine
- ◆ 满足国三、国四排放法规
Meet EUROIII, EURO IV emission regulations

48 pin ECU
